

7,000 Miles

©Mathis-Kaat-Wolhert 2007

God calls some to raise a family
God calls some to just sow seeds
He calls some to bring in the harvest
He called Connie with a Victory machine.

7,000 miles on a Victory machine
7,000 miles to live her dream
7,000 miles on the open road
7,000 miles to satisfy her soul.

God put a longing in our hearts
A longing only He can fill
A longing to change the world
Or just to see what's over very the next hill.

A month on the road can clear your brain
Thirty days on the road will cleanse your soul
A month in a class might make you smart
But a month on the road can change your heart.

If you fill that longing
If you feel God is calling you out
Follow your heart and hit the road
God will be there, there's no doubt.
